O Conselho de Reitores das Universidades Brasileiras – CRUB – foi criado no dia 30 de abril de 1966 e, tem por missão: “Promover a integração das Universidades e Centros Universitários brasileiros, fortalecendo sua autonomia e buscando, permanentemente, o aperfeiçoamento da Educação Superior”.

Um dos grandes patrimônios do CRUB é a sua diversidade, sendo ele, desde que surgiu, o único Colegiado de Reitores a congregar todos os segmentos universitários. Seu caráter plural, entre outros aspectos, significa que:

- a educação superior brasileira conta com um órgão por meio do qual se pode fazer representar como um todo;
- por representar o conjunto das IES independentemente de seus respectivos segmentos, o CRUB está investido de uma força e legitimidade que somente ele pode ter;
- o CRUB sempre buscará a harmonização dos interesses da diversidade das suas associadas;
- o CRUB é o espaço por excelência de que as IES dos diversos segmentos dispõem para se conhecerem de perto, conviverem e se somarem na persecução dos seus objetivos em comum.

The Council of Rectors of Brazilian Universities – CRUB - was created on April 30, 1966 and its mission is “To promote the integration of the Brazilian Universities strengthening its autonomy and looking for, permanently, the improvement of the Higher Education”.

One of the great assets of CRUB is its diversity, being it the only Collegiate of Rectors to bring together all segments (Public and Private). Its plural character, among other things, means that:

- *the Brazilian higher education has an organ through which it can be represented as a whole;*
- *to represent the set of Institutions of Higher Education regardless of their respective segments, CRUB is invested with a power and legitimacy that only it could have;*
- *CRUB always will seek the harmonization of interests of the diversity of its members;*
- *CRUB is the space - par excellence - that the Institutions of Higher Education can meet, cohabits and adds up in the pursuit of their common goals.*
